## Northampton Community College

Skepton Construction, Inc.

3481 Finland Road

Pennsburg, PA 18073

July 2, 2013

To whom it may concern:

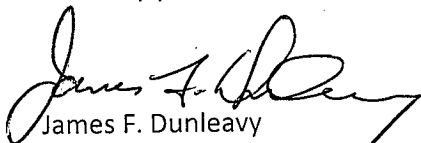

On behalf of Northampton Community College, I am pleased to provide a letter of recommendation for Skepton Construction, Inc.

Skepton is the general contractor for our new \$72million Monroe Campus in Tannersville, PA. Skepton has fulfilled their duties beyond the satisfaction of NCC and all parties involved. The project will be completed within the scheduled time and budget amounts as set out in the agreement with Skepton.

The onsite personnel of Skepton had done a great job in keeping all parties up to date throughout the construction process. The project workmanship has been excellent and all issues have been addressed in a timely manner. They are very accessible from their on-site team all the way to their senior leadership. They are true problem solvers.

In summary, NCC would highly recommend the services of Skepton Construction to others and would not hesitate to use them in the future. We very much look forward to it at some point.

Sincerely yours,

James F. Dunleavy

Vice President of Finance & Operations
